SUMMARY

A motivated Computer Science graduate from SZABIST, holding a Bachelor's degree with a strong foundation in modern web development and hands-on experience in building real-world applications. Proficient in creating responsive, scalable interfaces using HTML, CSS, Tailwind CSS, JavaScript, and React.js, with backend expertise in Node.js, Express.js, Next.js, MongoDB, and MySQL. Experienced in version control using Git and GitHub for collaborative development and code management. Demonstrates strong problem-solving abilities, attention to detail, and a commitment to writing clean, maintainable code. Actively seeks opportunities to contribute to innovative projects and deliver high-quality, performance-driven web applications in a professional environment.

WORK HISTORY

Care Pvt Ltd 06/2025 - 07/2025
Web Development Intern - Islamabad, Pakistan
Developed and enhanced full-stack web applications using JavaScript, React.js, Express.js, and MongoDB during a two-month web development internship. Gained hands-on experience in creating RESTful APIs, integrating frontend components with backend services, and implementing CRUD operations. Collaborated with team to debug issues, optimise application performance, and adhere to best practices in modern web development.

FINAL YEAR PROJECT

Smart Books Peer Exchange makes old books reusable and reduces paper wastage by enabling students to securely exchange, donate, and recycle academic books. It features an AI-powered Chatbot, real-time chat, secure payment gateway, and a reward-based trust system. Built with Agile methodology, the platform ensures affordable, sustainable access to education while minimizing environmental impact.
